

FROSTY FINITY

LOW VOLTAGE

INTRODUCTION

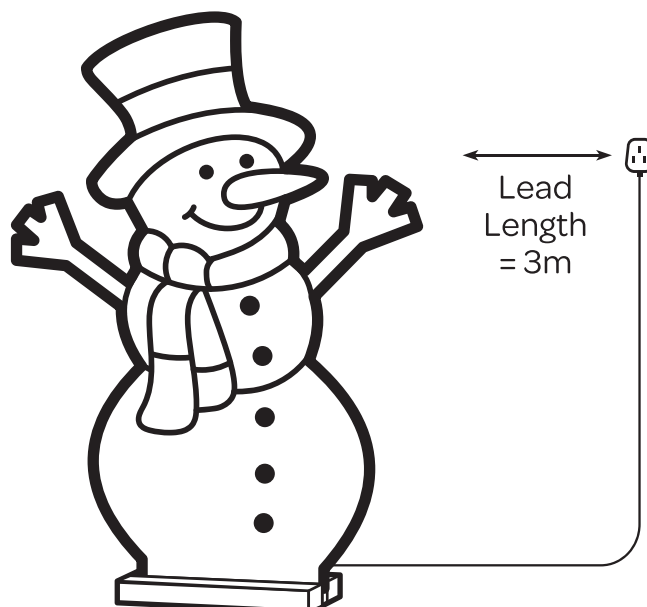

Lose yourself in the magic of this fabulously festive illuminated infinity mirror light! The huge number of LEDs and innovative, Christmas-inspired design combine to produce a mesmerising three-dimensional effect that can be enjoyed from either side of the product – so you get twice the fun! With a vibrant mix of colours, your home will never feel brighter during the holidays!

- 330 LEDs
- InLit Infinity Mirror Light – mesmerising three-dimensional lighting effect with vibrant colours!
- Double sided - ideal in windows, on tables and mantelpieces... almost anywhere!
- Sturdy stand included
- For indoor use only

CONTENTS

1 x Infinity Mirror Light with wired in AC/DC Transformer Plug

1 x Stand

Please be aware that the design may vary from above, it is for decoration only and should be kept away from pets and children.

ASSEMBLY

- Please note that the Infinity Mirror looks quite plain unlit but when it is plugged in and lights up, it really comes to life.
- Slide into the wooden base and place in desired location, preferably within 3m of a power socket, or use an extension lead.
- Plug the transformer plug into a suitable indoor power socket and switch on.

WARNING:

Do not plug in and switch on while the light is still in the box.

Only use with the transformer plug supplied and only plug into an indoors mains socket – do not connect using any other power source or try to connect to any other light sets.

PLEASE NOTE:

The Infinity Light is fitted with non-replaceable LEDs.

The cable on the Infinity Light cannot be replaced.

The transformer plug is only suitable for indoor use.

If the cable becomes damaged at any point, do not plug in the Infinity Light.

DISPOSAL

Manufacturing the appliance which you have bought necessitated the extraction and use of natural resources. It may contain substances which are harmful to health and the environment. To avoid dispersing these substances in the environment, and to reduce the pressure on natural resources, we urge you to make use of the appropriate return schemes. These schemes re-use and recycle most of the materials used in your appliance at its end of life in an appropriate way. The symbol showing a crossed-out waste bin is there to encourage you to use these schemes. For more information on collection, re-use and recycling schemes, contact your local authority waste management department.

1 YEAR WARRANTY
